Bowls Etiquette

1. Be on Time
2. Stand still when someone is about to Bowl, If you are at the head, wait until the person playing is done bowling, then move. If you are at the same end as the player delivering the bowl, stay away from the mat and the player's line of sight.
3. Dress appropriately, Ensure that you adhere to the dress code for the game.
4. Be alert as you walk around adjacent rinks.
5. Observe the rules of possession.
6. Acknowledgments are in order. Good bowling is the appreciation of skill to keep the congenial spirit alive. Congratulating an opponent, or tapping a player in the back for making an exceptional move is always in order. Also, take note of lucky shots and acknowledge them whenever necessary.
7. Do not dump the bowl on the green, Dumping or throwing bowls on lawns for no particular reason is considered impolite. Bowling lawns are delicate and dropping bowls on them could damage the greens. You should not kick bowls or drop them. Pick them up gently and place them on the ground if you do not need them.
8. Send signals from the head, Signal your team player as necessary. Tap your knee to signal that the struck bowl belongs to the adversary team or tap your shoulder if the struck bowl is yours.
9. Shake hands, it is good sportsmanship to shake hands before and after a game, and introduce yourself when necessary.

Saturday	Club game

Croquet Etiquette

1. Always measure the ball on the yard line with your back to the court.
2. Do not begin your turn until the adversary has replaced yard-lineballs and placed clips correctly on the hoops after his last stroke.
3. At the end of your turn, quit the court at the nearest point.

Devonport Country Club

4. Call a referee or adversary to watch ALL questionable strokes. (A questionable stroke is one in which a fault could occur i.e strokes to be made near hoops or the peg or fine take-offs in the corner)
5. To call a referee or the adversary , raise the mallet above your head.
6. Ask politely, "did you see that ball move".
7. Never use the mallet to test whether the ball has started or has finished the running of a hoop. It is suggested you a reel of cotton for this purpose.
8. Remember, players are a joint referee of the game so should watch all play.
9. Never quit a game until finished unless mutually agreed otherwise.
10. Double Banked Games
11. Before entering the court always look around to ascertain what players of the other game are doing.
12. Be aware of the other player all the time and do not cross the path of their line of aim.
13. If two players want the same patch of the court, the one who will clear the area first should play on.
14. Do not lift a ball that is in a critical position unless necessary. Let the player of that ball go first.
15. Always seek the other player's permission before lifting a ball that may interfere with your stroke

3. In the interests of all, players should play without delay. Undue delay is subject to penalty.
4. To Keep the game flowing, pick up your ball when strokes are exhausted in either a Stableford or Bogey event.
5. Players searching for a ball should allow players coming up to pass them and should not continue their play until those players have passed and are out of range.
6. Before leaving a bunker, a player should rake and leave the rake in the bunker.
